

New trends in Concentrated Solar Thermal Technologies

Dr. Antonio Luis Ávila-Marín

**Senior researcher at CIEMAT and
Head of the Point-Focus Concentrating
Solar Thermal**

July 1st, 11:30 - 13:30, room 13B:

Concentrated solar receiver technologies and heat transfer fluid – Part 1

July 1st, 14:30 - 16:30 , room 13B:

Concentrated solar receiver technologies and heat transfer fluid – Part 2

July 3rd, 11:30 - 13:30, room 13B:

Volumetric Receivers: State of the art, fundamentals, implementation and simulation

July 3rd, 14:30 - 16:30, room 13B:

From Lab to the Field: Concentrated Solar Facilities at PSA

**Politecnico
di Torino**

Dipartimento Energia
"G. Ferraris"
